

Chew Stoke Out of School Club

Inclusion Policy

Chew Stoke Out of School Club is committed to the principle of inclusion. We believe all children have the right to play and have fun and each individual child is equally valued without discrimination on any grounds. All children will be respected and their individuality and potential recognised, valued and nurtured.

Children have a right to be provided with quality play experiences as an important part of their learning. Activities and the use of play equipment offer children opportunities to develop in an environment free from prejudice and discrimination. Resources will be chosen to give the children a balance view of the world and an appreciation of the rich diversity of our multi-racial society.

Parents/Carers of our club will be consulted as partners in any decision-making process related to their child.

We appreciate that children have a wide range of needs which differ from time to time, everyone involved in the Club is expected to be patient, understanding and supportive to each other and to appreciate that people's needs are different.
